# DYMO®

## *LabelWriter® 400 and 400 Turbo label printers*

## LABELWRITER® 400 AND 400 TURBO LABEL PRINTERS LET YOU:

- **Print labels directly from your favorite software.** Use Microsoft® Word, Outlook®, QuickBooks® and more. Just click and print in seconds – no re-typing.

- **Design labels with text, graphics, photos and barcodes.** Create custom labels in seconds. Add logos, custom fonts, even a photo!

- **Produce error-free addresses\*.** Address Fixer™ checks each address against the USPS® database, fixes mistakes and adds the 9 digit ZIP+4 code for fast, accurate mail delivery.

- **Share printers via a Windows or Mac network.**

## SO WHY CHOOSE THE TURBO MODEL?

– For more speed - Prints even faster than the 400 printer.

– To print no-monthly-fee\*\* DYMO Stamps™ postage.

## The fast and eas[y] [way to print label]s from your PC or [Mac]
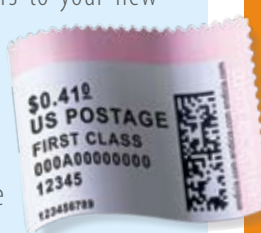

These super-fast, everyday la[bel printers] [th]ey virtually eliminate the hassle of printing [labels.] [C]onnect via USB to your computer and print great-looking, high-resolution labels for envelopes, packages, files, media, name badges and more – even USPS®-approved postage. Every DYMO LabelWriter printer uses advanced direct thermal technology, so you'll never need a replacement ribbon, toner or ink cartridge. As compact, silent partners to your new-found office productivity, they're "whisper-quiet" and occupy a tiny area on the corner of your desk.

Print USPS®-approved postage from your LabelWriter® 400 Turbo printer

### Enjoy DYMO Stamps™ convenience with the 400 Turbo printer:

- **No more waiting in line at the Post Office** - Open a no-monthly-fee\*\* DYMO Stamps account online, load a roll of DYMO Stamps postage labels and print USPS®-approved precise postage in seconds.

- **Print postage right from your desktop** - Print postage one label at a time, or in batches - for envelopes, Priority Mail® and International Mail (1 oz.) – *fast and easy!*

# ONLY LABELWRITER® 400 AND 400 TURBO LABEL PRINTERS OFFER THESE BENEFITS AND FUNCTIONS:

| | |
|---|---|
| **FAST** | LabelWriter 400 Turbo model prints a standard 4-line address label in about a second, or up to 55 labels a minute. The LabelWriter 400 model prints one label in about two seconds, or up to 40 a minute. |
| **EASY** | Seamless integration with Microsoft® Word, Excel®, WordPerfect®, Outlook®, QuickBooks®, Goldmine®, ACT!®, CardScan®, Palm® Desktop and more. |
| **PROFESSIONAL** | Use your favorite fonts and graphics and watch auto-fit technology re-size your text for the best fit on each label. You may never waste a label again. |
| **ECONOMICAL** | Needs no ink, toner, or replacement cartridges — ever! Direct thermal printing means the ink is in the label. The only supplies you need are the labels. |
| **VERSATILE** | Includes dozens of built-in templates for label styles and sizes up to 2 1/4" wide (56mm), including: address and shipping labels, file folder labels, name badge and media labels, custom labels, and more. |
| **HIGH-RESOLUTION** | 300 dpi printing for crisp text, graphics, photos and bar codes. |
| **BUILT-IN ADDRESS BOOK** | Saves labels for instant recall. |
| **TIME AND DATE STAMPING** | Mark labels for date and time sensitive material. |
| **AUTO-COUNTER** | For simple label serialization. |
| **IMPORTS AND EXPORTS** | Support .csv, .txt and all major database formats. |
| **SMART PASTE** | Print sets of labels to match cells copied from Microsoft® Excel, text from Word and data from a .csv and .txt. file without re-typing! |
| **BARCODE PRINTING** | Code 39, Code 128, Codabar, UPC A/E, EAN 8/13/128, ITF-14 and Interleaved 2 of 5 and other industry standard barcodes. |
| **COMPACT** | Just 7"L x 5"W x 5.5"H. |
| **CONNECT VIA USB** | Cable included. |
| **NETWORK COMPATIBLE** | Share over your Windows or Macintosh network. |
| **PC/MAC COMPATIBILITY** | Windows® 2000, XP, or Vista™. Mac OS X (10.2.8 or later). |
| **INCLUDES STANDARD PRINTER DRIVERS** | So you can print labels from virtually any application. |

**Printers come with power cords, USB cord, software, quick start guide and starter roll of labels. LabelWriter 400 Turbo, Twin and Duo models also include a starter roll of DYMO Stamps postage labels.**

## Print postage as easily as address labels with

**DYMO® STAMPS**
POWERED BY ENDICIA™

All you need is a blank roll of DYMO Stamps™ postage labels and a no-monthly-fee* online DYMO Stamps™ account.

- Unlike other Internet postage providers and postal meters, there's NO monthly fee!
- There's NO hassle printing — and NO alignment problems, as with sheet labels.

DYMO Stamps™ is the economical, fast and easy way to print postage from your desktop — one at a time, or in batches — for envelopes, Priority Mail and International Mail. No need to wait at the Post Office — or leave your chair (except maybe, to stand and applaud).

**NOTE:** DYMO Stamps™ is compatible with LabelWriter 400 Turbo, Twin Turbo and Duo label printers ONLY

CERTIFIED **USB** | Mac | Universal | Designed for Microsoft® Windows® XP | Windows Vista™
